A REQUEST

If you have any wishes, don't like or don't tolerate any of the ingredients, would like to have lactose-free or vegan milk or are missing a seat cushion or a children's chair: please ask us at any time; We try to do everything possible to make you feel comfortable with us. And please let us know if something is wrong, because that's the only way we can respond immediately :)

We prepare as much as we can ourselves, pay attention to using fresh ingredients and, wherever possible, avoid additives such as preservatives and colorings. However, there are some foods that use additives (e.g. kola or some spirits) or that naturally contain additives that require declaration (e.g. caffeine or when using milk). Please ask at any time if you have a food intolerance; We can react to this in many cases. You can pre-order gluten-free rolls or bread from us. A detailed list of ingredients for each dish can be viewed at any time upon request. Since we "only" have one (very small) kitchen, if you have extreme allergies, please contact us to clarify the problem with "may contain traces of...!"

1 with coloring, 2 with preservative, 3 with antioxidant, 4 with flavor enhancer, 5 sulphurized, 6 blackened, 8 with phosphate, 9 containing caffeine, 10 containing quinine, 11 with sweetener, 12 contains a source of phenylalanine, 13 with taurine. Allergens: A = gluten, C = eggs, E = peanuts, F = soy, G = milk and milk products (lactose) H = nuts, J = mustard, K = sesame seeds, L = sulfur dioxide and sulfites. All prices in Euro. is to err

SOME INFORMATION

Opening hours:

Currently Thursday - Sunday 10:00 a.m. to 7:00 p.m.*
(*if there are very few guests, we close a little bit earlier)

You can find the latest information on our website.

WiFi is available via "makery guest";

without registration, without password, without hassle.

We have enough sockets for notebooks or chargers, so that you can
move your work to our „living room“ :)

You are welcome to order everything to-go. Our straws are made
of grass paper, the lids are made of cardboard, the cups and boxes
are recycled and recyclable. Of course you can also bring your own
containers :)

Organic and regional is all well and good, but that doesn't help if a lot of
food ends up in the bin every evening. Although we are part of the food
sharing family, we still want as little food waste as possible. Therefore:

Everything while stocks last. Thanks for your understanding!

If you are missing the breakfast or alcohol menu:

They are available online here: makery-cafe.de/karte Cheers!

A word on our own behalf: We are a café and not a restaurant.

Please don't be upset if we don't offer a menu the size of a restaurant.

Much love :) xxx

OUR FAIR TRADE COFFEES

Freshly roasted beans, traded directly, fairly and with social commitment
(we like to buy from nice people).

PECHSCHWARZ SCHWARZMAHLER

Pechschwarz (pitch black) is used for our espresso-based coffee drinks. The name is program. 100% Arabica from Ecuador and Honduras.

Dark and slow roasted. Without much acid and without a bitter taste. Nutty, chocolaty, caramelly. Fine acidity, strong body with present roasted aromas.

LIMU COFFEE CIRCLE

We use Limu for filter coffee, French press and Chemex. 100% pure Arabica beans, grown in the Limu region in western Ethiopia.

With full-bodied taste and floral-sweet aroma with a chocolatey aftertaste.

OUR SUPPLIERS

SCHWARZMAHLER

Coffee from Ecuador that is traded directly and under biologically sustainable criteria and is run by the friendly Stuttgart small businessman Heiko. The beans are gently roasted in small quantities (the big difference to relevant coffee shop chains) and great coffee and espresso varieties are achieved using individual roasting profiles.

The coffee is organic, but there is no seal because of the costs that would have to be passed on to the consumer.

COFFEE CIRCLE

Coffee Circle stands for exceptional top coffees from Ethiopia, initiates aid projects for local coffee farmers and their families and makes it important that everything is transparent for the customer. Roasting is not done industrially, but rather slowly and gently in the traditional way

Drum roaster, which makes the coffee particularly gentle on the stomach.

 We (and therefore you as a coffee drinker) donate one euro per kilo, which goes to the Coffee Circle aid projects.

COFFEE AND CO

More information about the beans from Coffee Circle and Schwarzmahler can be found when you turn back a page. We use organic or vegan milk only :)
